	15084	10 Ga Tip for Protector Assembly

Magnetic CHIP Adaptor

Proudly made in the US, our state of the art manufacturing facilities provide you with guaranteed precision parts which are manufactured on a fully computerized, automated Swiss type bar machine.

	product #	product description
	15065C	Magnetic CHIP Adaptor Assembly Consisting of: 15058 Magnet 15059 Housing 15060 Adaptor Shaft 15062 SS Screw 15063 SS Loc Washer 15064 SS Flat Washer

C.D. Weld/Pin Stud Stops

Proudly made in the US, our state of the art manufacturing facilities provide you with guaranteed precision parts which are manufactured on a fully computerized, automated Swiss type bar machine.

	product #	product description
	16019	C.D. Weld Pin/Stud Stop - 1/2" length
	16020	C.D. Weld Pin/Stud Stop - 1 1/4" length
	16021	C.D. Weld Pin/Stud Stop - 3/4" length
	16022	C.D. Weld Pin/Stud Stop - 1/4" length
	100206	C.D. Weld Pin/Stud Stop - 5/8" length
	100214	Universal C.D. Weld Pin/Stud Stop - 1 3/8" length

Adaptors

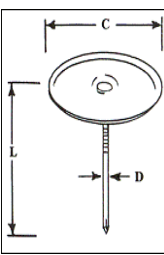

Proudly made in the US, our state of the art manufacturing facilities provide you with guaranteed precision parts which are manufactured on a fully computerized, automated Swiss type bar machine.

	product #	product description
	15042	Threaded Collet Adaptor
	DSCO-1074	"B" Adaptor
	DSCO-1075	"C" Adaptor

C.D. Studs

	standard diameter	standard length	material
	No. 6 - 3/8"	3/8" - 4	Mild Steel/S.S.

Cupped Head Weld Pin – 12 Gauge

	style	Circ.	Dia.	length	material	finish
	Cupped Head	1 1/2"	12 Ga [.105]	3/8" Minimum	Low carbon steel, material specifications or certification available.	Mild steel pins are copper coated, washer is galvanized.
	Mini-Cupped Head	1 3/16"	12 Ga [.105]	. 3/8" Minimum		

Annealing:

All steel pins are fully annealed unless otherwise specified.

Compatibility:

All pins are compatible and recommended for use with all brands of C.D. stud welding equipment.

Accessories:

Refer to "Accessory" section for collets, collet protectors and other stud welding accessories.
